

Olympic Advanced Treatment Station™

A complete solution for all your weighing,
treatment and transport needs.

Built-in Precision Scale – Always at the Ready

The Olympic Advanced Treatment Station includes a precision scale that swivels and tilts so it is always at an optimal viewing angle. The self-calibrating scale maintains a ± 0.1 lb accuracy – whether you are weighing a 250 lb pot belly pig or a 1 lb bird. And the weight averaging function locks in quickly, even on active patients. Also includes a 'last weight' recall button.

Customizes in Seconds with 6 Drop-In Sockets

This work station is designed for efficiency and ergonomic comfort, standing or seated. All your instruments, monitors and other equipment are at your fingertips to save you time. And since all the accessories are mounted on the table, it eliminates floor clutter and saves space. Create the optimal workspace for each procedure with an Olympic IV Pole, Laptop Tray, Patient Monitor Tray, Swiveling Instrument Tray, LED Procedure Light or Equipment Shelf.

Convenience Features

The Advanced Treatment Station features an on-board power strip, 8 tie-down cleats, steering handles, 2 foot switches and a long-life rechargeable battery.

Reduces Handling of Compromised Patients

The Advanced Treatment Station is designed to navigate easily from exam to treatment, x-ray, prep, surgery or recovery – and even outdoors. By combining patient treatment and transport, it reduces the handling of injured or compromised patients and saves time. The built-in scale is especially helpful when medications need to be administered and there is no time to use the floor scale.

Patient-Friendly, Non-Slip Corian® Tabletop

Table features an optional Corian® top, the ideal surface for modern hospitals. Corian feels warmer than stainless, is non-skid and non-reflective so patients are more relaxed during exams and treatment. Features anti-drip edge around perimeter.

All Olympic Equipment is manufactured in the USA and is backed by our full 3-year warranty

Precision Scale is Built-In

For All Procedures and Transport To or From the Surgical Suite

Equipment Shelf
For monitors and other equipment. Easy to see and reach. Mounts at head of station. Electrical equipment connects directly to power outlets on table (see below).

Integrated Scale
Large, easy to read. Swivel mounted. Can weigh active animals. Accuracy ± 0.1 lb. Lifetime quality.

Electrical Outlets
7 electric outlets for connecting all your accessories and equipment. Conveniently located at end of table near equipment shelf.

2 Foot Switches
For faster and convenient height adjustment, there are foot switches on both sides of the table.

Quick-Connect Accessories for Advanced Treatment Station

Convert your lift table from an exam table to a treatment table in seconds by dropping Olympic accessories into the integrated sockets.

Corian® non-slip surface

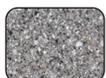

Table top surface is lifetime Corian® from DuPont, the ideal surface for modern hospitals. Feels warmer than stainless steel, is non-skid so your patients remain calm, wipes clean with disinfectants and features a drip edge. Choose from 4 standard colors/patterns.

Ergonomic and Efficient
The Advanced Treatment Station offers ergonomic comfort with full-range height adjustment, up to an extra tall 40". Work standing or seated. Improved patient presentation. The rechargeable electric lift is quiet, smooth and features two foot switches, one on each side.

Patient Transport – Multi-Purpose
An easy-roll patient transport. It has steering handles and is light weight so it turns easily in tight spaces. Now you can seamlessly move patients between treatment, x-ray, prep, surgery, recovery.
